

## Tyco MCP820M Marine Addressable Manual Call Point With Isolator

**Part No.: 514.800.609**

Tyco MCP820M Marine Addressable Indoor Manual Call Point With Isolator 514.800.609

The Tyco MCP820M is an indoor marine approved MX addressable manual call point with programmable status LED and an integrated line isolator.

The line isolator isolates the affected part of the loop in the event of a short circuit on the loop.

The Tyco MCP820M 514.800.609 provides high speed communication to the MX panel of a manual fire alarm.

### Features

- ✓ Integral LED for easy identification of operation
- ✓ Integrated short-circuit isolator removes the need of installing a separate short-circuit isolator
- ✓ Reduced installation costs
