

Tyco MCP830M Marine Addressable Manual Call Point With Isolator

Part No.: 514.800.610

The Tyco MCP830M is an outdoor marine approved MX addressable manual call point with programmable status LED and an integrated line isolator.

The line isolator isolates the affected part of the loop in the event of a short circuit on the loop.

The Tyco MCP830M 514.800.610 provides high speed communication to the MX panel of a manual fire alarm.

Features
