Tyco 851PH Marine Addressable Optical Smoke & Heat Detector

Part No.: 516.850.055

The Tyco 851PH marine smoke/heat multi-sensor detector has the ability to detect a wide range of fires from flaming to smoldering types. The combined optical and heat multi-sensor detector is the preferred choice for a range of applications including light industrial, retail and office environments.

The Tyco 851PH operates in a number of approved modes and sensitivities that can be dynamically selected to suit different environmental conditions.

The 851PH uses sophisticated digital signaling to communicate with the MX Technology T2000 fire alarm control panel.

Mounting base are sold separately

Features

- ✓ Approved by all major classification societies for use on vessels
- ✓ Advanced multi-sensor designs
- ✓ Built-in line isolator
- ✓ Quick and easy to install
- ✓ Extended drift compensation
- ✓ Two way infra-red communication to the 850EMT Engineering Management Tool
- ✓ Fire, isolate and fault LED indications
- ✓ Comprehensive range of bases and base accessories
- ✓ SIL2 Certified
- ✓ Product Code: 851PH (516.600.202) with built-in line isolator, Marine Approval
