

Intrinsically Safe Humidity and Temperature Sensor

Part No.: EE100Ex

Technical Specification

Measuring range –Humidity	0...100 % RH
Measuring range –Temperature	-40...60 °C (-40...140 °F)
Sensing element protection	E+E proprietary coating
Output	4-20 mA (2-wire)
Ex Certifications	ATEX (Europe), IECEx (international), Korea (KCs) and Japan (CSA)
Types	wall mount, remote probes fixed or pluggable
