

Humidity and Temperature Sensor with Interchangeable Probes

Part No.: EE220

Technical Specification

Measuring range –Humidity	0...100 % RH
Measuring range –Temperature	--40...80 °C (-40...176 °F)
Sensing element protection	E+E proprietary coating
Output	0-1 / 10 V / 4-20 mA (2-wire)
Enclosure material	Polycarbonate or Metal (AlSi₉ Cu₃)
