

Cable Temperature Sensors

Part No.: EE462

Technical Specification

Cable material	Glass fiber / PTFE / silicone
Operating temperature	Glass fiber: 0...350 °C (32...662 °F) PTFE: -20...260 °C (-4...500 °F) Silicone: -60...180 °C (-76...356 °F)
Cable length	2 m, 3 m
Protection rating	IP67
Insulation resistance	typ. > 100 MΩ at 20 °C (68 °F)
