

## BREATHING AIR COMPRESSOR MCH-6

### Part No.: WR371011

The MCH 6 is one of Coltri's most compact and light weight breathing air compressor being easily portable.

The combination of the proven four stage pumping and three phase electrical motor makes this an extremely reliable breathing air compressor.

#### Technical specification

Filling rate	100l/min
Filling pressure	330bar
Filling connection	G 5/8"
Motor power	3kw
Power source	440V/60Hz or 380V/50Hz (to be specified)

#### Approval

DIN3188 / EN12021
