

FILTER DRIER CORE, 48-DC

Part No.: WR812071

Danfoss Eliminator™ Filter drier 48-DC, 023U4381 is used for protecting refrigeration and air-condition systems from moisture, acids, and solid particles.

With these contaminants eliminated, systems are safer from harmful chemical reactions and from abrasive impurities.

Technical specification

Type	Filter drier core, 48-DC
Where installed	Liquid line
Material	80% molecular sieve, 20% activated alumina
Working pressure (psig)	667
